NEWSLETTER | OCTOBER 2026

From the Head of Centre's desk

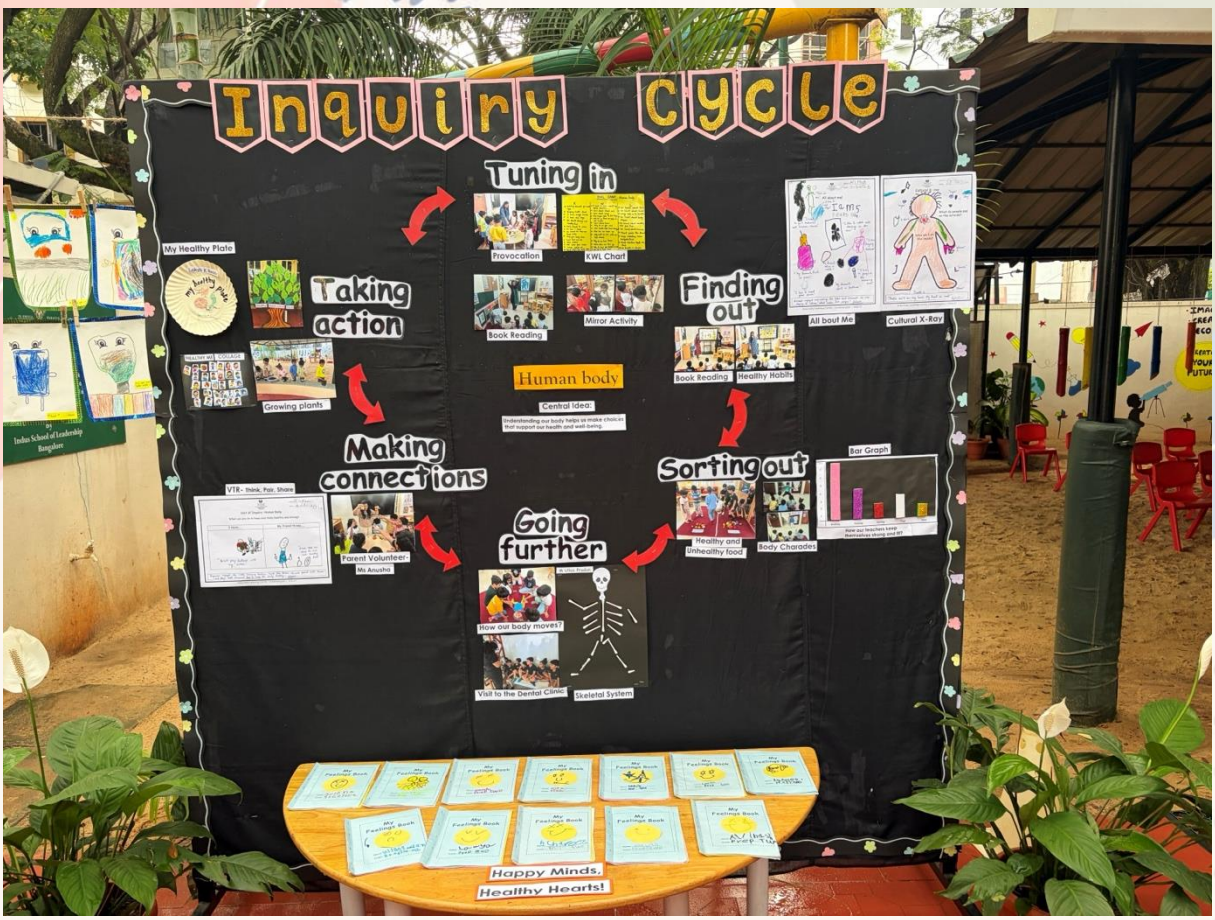

Dear Parent(s),

At Indus Early Learning Centre Koramangala, we believe that every child has a world of possibilities waiting to unfold. Through thoughtfully designed experiences, purposeful play and meaningful inquiry, we encourage our young learners to think creatively, explore fearlessly and discover their unique potential. As we look back on the month, we are delighted to share glimpses of the learning, laughter and discoveries that have shaped our days.

END OF UNIT CELEBRATION – PREP TWO

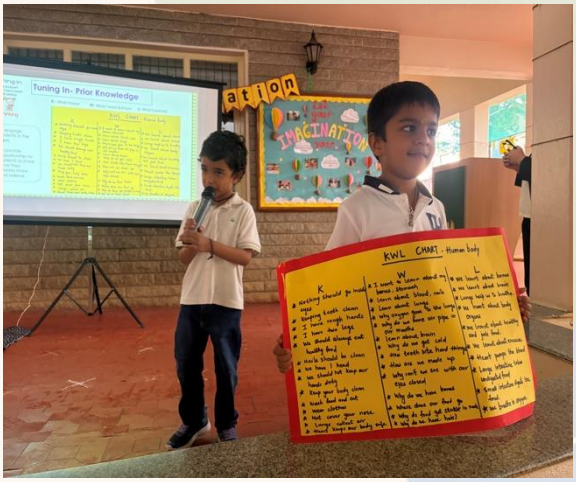

Our young inquirers brought the *Human Body* unit to life through an engaging End of Unit Celebration. They confidently shared their discoveries about body parts, internal organs, bones and the importance of healthy habits. Through interactive presentations, displays and cheerful songs, children demonstrated all that they had explored, discovered and learnt about keeping their bodies healthy and strong.

PARENT –TEACHER MEETING

At Indus Early Learning Centre, we believe that a strong home-school partnership plays a vital role in nurturing confident, curious and joyful learners. Our Parent-Teacher Meeting offered a valuable opportunity for parents and teachers to connect, reflect on each child's learning journey and celebrate their progress. Through meaningful conversations around developmental milestones, emerging interests and individual learning goals, we strengthened our shared understanding of each child's needs.

DUSSEHRA CELEBRATION

Parents and children brought the celebrations to life this Dussehra! Dressed in vibrant ethnic wear, parents narrated the story of Dussehra and the significance of the festival. They danced joyfully to the energetic beats of 'dandiya'. Their colorful attire and rhythmic moves added a festive spirit, making the day truly memorable for everyone.

Dussehra

HALLOWEEN CELEBRATION

Children had a spooktacular time celebrating Halloween, arriving at school dressed as a variety of creative and exciting characters. From superheroes and fairytale characters to friendly monsters, each costume reflected the children's imagination and enthusiasm.

The celebration was filled with laughter, fun activities, and joyful interactions, giving children an opportunity to express themselves, build confidence, and appreciate the creativity of their peers. It was a memorable day filled with excitement, smiles, and festive spirit.

SNAPSHOTS FROM ALL GRADES : PRE-NURSERY

This month has been filled with new beginnings, exciting explorations and moments of wonder for our youngest ones ! As they welcomed new little friends into their classroom, they gradually settled into their surroundings, building connections through shared experiences and playful interactions. From hands-on activities and sensory explorations to discovering new materials, textures and colours, every experience sparked curiosity and encouraged them to explore the world around them.

SNAPSHOTS FROM ALL GRADES : NURSERY

Through imaginative play, the children explored building towers and trains with blocks and engaged in pretend coffee-making using loose parts. These experiences encouraged creativity, problem-solving, and fine motor development as they brought their little ideas to life.

SNAPSHOTS FROM ALL GRADES : RECEPTION

Our learners tuned into the unit – colours, under the transdisciplinary theme "how we express ourselves" and discovered the colours of different fruits and created their own healthy, colourful fruit bowls.

As the inquiry unfolded, children shared their favourite colours and explored the feelings and emotions associated with them. Through these playful experiences, they began recognising colours in their surroundings, expressing personal preferences and making meaningful connections with the world around them.

SNAPSHOTS FROM ALL GRADES : PREP ONE (FIELD TRIP)

Children enjoyed an exciting field trip to Crave by Leena (bakery), where they explored how a bakery functions and observed the process of making cupcakes. They had a wonderful hands-on learning experience as they discovered the steps involved in baking and even tried making their own cupcakes. The highlight of the trip was relishing their delicious creations, making the experience both fun and memorable!

LIFE ENTREPRENEURSHIP – GOAL SETTING

After reading *How to Catch a Star*, children reflected on their own dreams and aspirations. Inspired by the story, they thought about the goals they would like to achieve and discussed the steps they could take to make those dreams a reality. Through meaningful conversations and creative activities, they learned that achieving a goal requires determination, patience, and effort. This experience encouraged children to believe in themselves, set personal goals, and understand that every big achievement begins with a small step.

INDUS EARLY LEARNING CENTRE KORAMANGALA BENGALURU

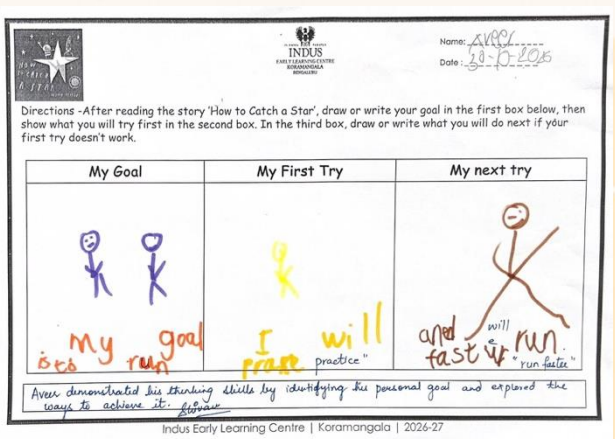

Name: Chavik
Date: 30-10-2026

Directions -After reading the story 'How to Catch a Star', draw or write your goal in the first box below, then show what you will try first in the second box. In the third box, draw or write what you will do next if your first try doesn't work.

My Goal	My First Try	My next try
"To become cycle champion"	"I will practice"	"I will upgrade my cycle"

Chavik demonstrated his thinking skills by identifying the personal goal and explored the ways by which he can achieve it. Shravan

LIFE ENTREPRENEURSHIP – IMAGINATION AND CREATIVITY

After reading *The Magic Paintbrush*, children engaged in a thoughtful critical-thinking activity where they imagined possessing a magical paintbrush and explored how they would use it to solve a problem of their choice. This activity encouraged children to think creatively, empathize with others, and recognize that their ideas can make a positive difference. By connecting the story to real-life situations, they developed problem-solving skills, imagination, and a sense of responsibility towards the world around them.

PROFESSIONAL DEVELOPMENT

At IELCK, professional learning is an ongoing journey, with teachers actively engaging in research and reflection to continually strengthen their classroom practices. Moving beyond conventional professional development, educators explore contemporary pedagogical approaches, examine their own teaching practices and deepen their understanding of how young children learn, think and make sense of the world.

An integral part of this journey is the sharing of knowledge and insights. Teachers present their research and reflections to their peers, encouraging meaningful dialogue, the exchange of ideas and collaborative learning. These conversations help translate research into classroom practice while fostering a culture of curiosity, continuous improvement and collective professional growth.

At IELCK, we believe that when educators are lifelong learners, they create richer, more meaningful learning experiences for children.

SCHOOL POLICIES

Gate policy:

- Children to reach school **latest by 9 am** as entering class after that can cause a disruption during circle time / session in progress.
- Please ensure punctuality is maintained.
- School gate will only be open between
    - 8.30 am and 9.15 am
    - 11 am (for Pre-Nursery only)
    - 12.30 pm-12.45 pm (for Nursery only)
    - 2.30 pm – 2.45 pm
- Dismissal time is between **2.30 pm and 2.45 pm**.

Attendance policy:

- Please ensure your child is attending classes regularly.
- Incase your child is unable to attend classes, the same to be intimated to the class teachers.

Early exit policy and safety:

- Incase you wish to pick your child before the scheduled time of dismissal, please ensure the same is communicated to Ms. Roopa (AAO) and the grade teachers, by mail.
- If there is a change in the person picking the child, the same to be communicated by mail to HOC and Ms. Roopa.
- The person picking the child, if not the parent, will compulsorily carry the school ID card and child will be handed over only upon verification .

SCHOOL POLICIES

Communication :

•We will communicate with you via email / WhatsApp broadcast group.

•Please ensure you are checking your emails regularly.

Food policy:

• Parents are requested to send a healthy snack to school (No junk food to be sent)

• We provide fresh lunch and an afternoon snack at school. The food menu will be shared by Ms. Roopa

• Since we are a **nut-free zone**, please refrain from sending nuts in any form, in your child's snack box.

Birthday policy:

- If you wish to celebrate your child's birthday in school, you are welcome to bring in a simple cake (eggless and without nuts or frosting). Please check with the class teacher/s and fix an appropriate time to bring it in.
- Birthday invites can be distributed in class only if the whole class is invited.
- Parents can join in their child's birthday celebration. However, please note, no photos, decorations or return gifts are allowed.
- You may choose to share a small chocolate with your child's classmates. Please avoid bar/s of chocolates.

SCHOOL POLICIES

Mobile phone policy :

•Teachers will not be available on their mobile phones between 8.30 am and 2.30 pm.

•Incase you wish to reach the teacher during school hours, please leave a message with AAO (9986023013)

•You may call/ message the teacher between 2.30 pm and 4 pm only (if necessary)

•If teachers receive calls/ messages after 4 pm, they will respond the next morning by 8.30 am

Photographs

•Photography on/of the school campus or children is prohibited.

•You may do so only during school events

•Photographs of children engaged in class activities will be shared in our newsletter and as daily updates

•No individual videos of children will be shared with parents.

Safety

- Vendors will ideally enter the premises only after school hours.
- For any emergency campus repair work or visitors, the administrative officer will accompany the visiting personnel at all times.
- Safety workshops are conducted regularly for students, teachers, support staff (including bus drivers)

CALENDAR FOR THE MONTH OF NOVEMBER
